

Ilan Vinerski

B.Sc. Information Systems Engineer

 ilanv145@gmail.com |  054-2040041 |  <https://www.linkedin.com/in/ilan-vinerski/>

Summary:

As a passionate and dedicated technology enthusiast with a profound interest in software development and database management, I have cultivated a solid foundation in programming languages including C#, Java, SQL, and MySQL through rigorous academic projects and independent study. I am adept at applying advanced tools such as Oracle and .NET to develop and implement solutions for functional characterizations, demonstrating my ability to quickly learn and apply new technologies. My commitment to continuous improvement is evidenced by my engagement with cutting-edge methodologies to analyze and enhance work processes. With a keen eye for detail and a relentless drive to exceed expectations, I am eager to contribute my skills and grow within a dynamic team environment.

Education:

2020 – 2024 Braude College of Engineering - B.Sc. Information Systems Engineer.

Courses & Professional Skills:

C | C# | Java | Python | JavaScript | CSS | HTML | React | Node.js | SQL | OOP

Projects:

Flower Shop Application:

Built a full-stack application to allow users to view products and create an order from the different products of the store. Also allows the store workers to make changes/updates according to their permissions.

Used a Client-Server (OCSF) package for the back-end part (in Java) including MySQL server for Database.

Used Eclipse + Scene Builder for the GUI part.

Development Environments:

Visual Studio | Eclipse | Spyder | Linux | MySQL | Google Colab | Git | GitHub.

Military Service:

2010 – 2013: Combat soldier served as a sniper in Kfir brigade.

Languages:

Hebrew: Native.

English: Professional Working Proficiency.

Russian: Excellent.
